ABRAM ONTHATILE MOHLAMONYANE

onthatileabram@gmail.com | 067 621 8171 | Cape town

SKILLS

- Frontend Development (HTML, CSS, JavaScript)
- Backend Development (Django, Laravel)
- SQL & Database Management
- Database Design
- System Support & Troubleshooting
- Basic Networking
- Technical Support
- Microsoft Word, Excel, and Outlook
- Reactjs
- Springboot

EDUCATION

Diploma ICT in Application Development

Cape Peninsula University Of Technology

2022 – 2025 | Completed

Electrical Trade Certificate (Red Seal)

F And O Deliveries Training Centre

2018 – 2018 | Completed

N2 Electrical Certificate

Hts Pretoria High School

2017 – 2017 | Completed

Grade 12

Wallmansthal High School

2014 – 2014 | Completed

WORK EXPERIENCE

Digital Associate – Software Development - CAPACITI

2026 – 2026

- Full-Stack Web Development: Undergoing intensive hands-on training in full-stack software development, building practical projects using React, Java Spring Boot, Django, Node.js/Express, and REST APIs.
- Database Design & API Construction: Designing relational database schemas (SQL/MySQL/Supabase) and building RESTful endpoints for data-driven web applications.

- Agile Sprints & Version Control: Collaborating in team-based simulated sprints, daily stand-ups, and peer code reviews using Git and GitHub for version control.
- AI & Feature Implementation: Developing application features, testing third-party API integrations, and incorporating AI-driven modules into hands-on software capstones.
- Workplace Readiness & Problem Solving: Participating in technical workshops, peer reviews, and mentorship sessions to prepare for client project delivery and host placements.

Intern - HANSA-FLEX

2026 – 2026

- Customer & Order Processing: Help log customer requests, generate quotes, and input sales invoices into the database.
- Stock Control & Sorting: Assist with receiving, picking, sorting, and organizing hydraulic tubes, fittings, adapters, and seal kits.
- Assembly & Component Prep: Assist senior technicians in assembling high-pressure hydraulic hoses, metal hoses, and tube fittings.
- Maintenance & Testing: Support pressure testing, flushing, and inspection of hydraulic hose lines and fluid systems under strict safety standards.
- System Administration Support: Assist in maintaining internal hardware, network infrastructure, or digital service tools.

Artisan Assistant - Department of Water and Sanitation

2015 – 2018

- Maintenance and repair of wide variety of electrical systems and equipment.
- Helping assemble transformers (core, coils, casing, insulation)
- Assisting with building distribution boards (DBs) and mounting components
- Matching wires to correct points shown on the diagram
- Ensuring each wire matches the diagram reference

AWARDS & SHORT COURSES

2026 Forklift F2 — ZM WILLIAMS FREELANCE TRAINING
